

Can Your Displays Weather The Storm?

Malicious vandals. Blinding sunlight. Intense radiation. Prying eyes. Go ahead, turn 'em loose. Because whatever your challenging environment can dish out, Polar Vision's display enhancement solutions can take it.

For more than 30 years we've provided thousands of clients with the perfect solution for their far-from-perfect worlds. With state-of-the-art manufacturing facilities, direct access to raw materials and the fastest turnaround times in our industry, we offer a wide variety of products, including:

- Contrast Enhancement for Optimal Sunlight Viewability
- Safety and Vandalism Protection
- Radiation Shielding
- Privacy and Viewing Angle Control

So if you're looking for a partner who can help your displays stand up to any challenge, give us a call. We stand ready to serve as the single source for all your display enhancement needs. To learn more about all we offer, visit our web site at www.polarvision.com, or contact us at (800) 999-9999.
